

Hello Geneva,

Thank you soooo much for your lovely presents, we all have to say THANK YOU A LOT !!! Eva talked and talked and talked about you and my impression is, that she had a Wonderful time together with your family, I can't wait watching the photos she took. It is very important to practice the English she learned in school and I hope you were able to understand her ;)))

I took her boyfriend with me to pick her up at the airport and we had got there 5 minutes before she came through the gate. She landed an hour earlier and everything was just perfect. The experience to fly to the USA (without the right adress ;-)) ), to pass all the checks, to stay in another family, to manage 4 weeks all by herself was a great thing for her and we are so happy that she could stay at your house.

So let me say that whenever you want to come to Europe, to see us or for example Innsbruck (Austria), you are invited to stay with us!

Thanks, Verena
