DG & Team Eye Changes To Improve District Impact

Great things happen to those who don't stop believing, trying, learning, and being grateful."
— Roy T. Bennett

Don't stop doing any of them! I believe in you, and I believe in me, and we can do whatever we set our minds to. Always try; you'll never know if you don't. Learn something new every day. And always, always be grateful for what you have, who you are, and the chance to live your dreams!

I believe that we can conquer the world if we want to, but I'd like to start with just our District. I believe we can make it better and stronger, if we put in the work. To that end we have put together a great team and we want to work with you to make changes, get people involved (and Lions too) and make our District the best it can be. 1VDG Mark Scicluna is leading the charge with short surveys to see how you feel about the way we do things now and what changes might help. So, if you see a survey, fill it out. You don't have to put your name on it, but if we can't get your opinions and try to make the right changes the first time, it will take a lot longer. 2VDG Jamie Lucero is joining with a local charity to raise funds and help us see that we don't have to go far from home to be of service to those in need. CST Kimberly is taking on two jobs to help us all make sure that the things we need to get done, get done! Then there is the GAT Team (Global Action Team) consisting of GLT Chair Jim Leach Jr. who's working hard to get us trained to do our jobs properly; GMT Chair Shawn Blaszczyk helping us understand that member orientation is an integral part of getting and retaining our members; GST Chair Cheryl Satterthwaite setting up service projects for us to work on as a District; and GET Chair Leo Schafer out there trying to start new clubs. All our Region Chairs and Zone Chairs help spread information, from upcoming events to news from International President Fabricio Oliveira to help answering questions, as well as forwarding information from you up the line, so we are all aware of what is going on.

LCIF Chair Maureen Kennedy is spreading the word that we can all donate to the Foundation, no matter how little or how much we have to give. And that is just a small sampling of our responsibilities as your Cabinet. We are here for you, so let us hear from you! Your opinions matter, good or bad, so that we can all help decide which ways will help us improve the quality of everything we do. This year we are going to try some old things and some new things and see if we can tempt you into joining us, so don't sit at home, come check it out and let us know what you think.

We will take care of business at Cabinet meetings but change up the way the Region meetings are run to try some different ideas. Our first round of Region meetings will be round table discussions. Come prepared to ask your questions, get your answers, or give us your best ideas. Hopefully we can all learn something new!

"You have brains in your head. You have feet in your shoes. You can steer yourself any direction you choose." — Theodor Seuss Geisel

Sometimes, one quote is just not enough for me! Let's use our brains and then our feet to "Serve to Live, Live to Serve". Let's make our plans and then see them through, turn around and see what we can improve, then repeat. Change is a part of life and we must come to terms with it. We may not all do it at the same speed but we all must do so. Let's keep analyzing what we are doing and figure out if we can make it better. I remember thinking that I would never get a cell phone or get much use out of a computer and now we have members who don't always meet face to face or eat a meal together, but they still get lots done in the way of Service, because they were willing to change the way we have always done things. Let's not stand in one place and do the same thing, let's see what happens if we go in a different direction and do something new. Give change a chance to make us better Lions, better Clubs, and a better District.

Don't wait another moment...let's make great things happen!

1VDG: Look Out for Surveys To Improve Experience

"Fun, fun, fun, till your daddy takes your T-Bird away....."

Sorry, this Beach Boys classic just popped into my head as I sat down to write my August greetings to you. I wanted to focus on the fun I have been having so far this summer which included welcoming a new granddaughter to our family. Luckily, I am old enough that Dad will not take my T-Bird away.

Your Cabinet is very interested in creating a bit more fun at what might normally be a stuffy meeting. Fun is a variable with a different meaning to everyone. This is the basic reason that we ask that, if a Survey is presented at a meeting you attend, please complete it so we can get your opinions.

I'm happy to hear that Governor Rhonda enjoyed the trip of a lifetime to Australia representing our District. I am honored that you have elected me to serve, along with Gov Rhonda and the cabinet, as a flag bearer of the District current year.

We are a special group that represents the best of what mankind has to offer and I have had the good fortune to have been mentored by the "cream of the crop" that the Lions have to offer. I would not have had this mentorship had I not attended meetings. As a member of over 30 years, I can attest that some of the most meaningful and important moments in my life have been during my service in Lionism.

As 2nd VDG Jamie pointed out last month, we should all be thankful and proud of our brand as our forefathers and stewards have given us an impeccable reputation due to their actions. It is our job to continue polishing the brand and we also need to bring it up to date. With 100 years of experience under our belts, we should be accustomed to making tweaks to keep up with the times, but that is not what I still see. I still see a bit of the old crustiness and stubbornness with the attitude "We have always done it this way". Technology dictates we revisit and update customs often.

Please fill out a survey if one is presented at a meeting you are attending.

2nd Vice District Governor Monthly Submission

In 2019, the National Institute of Health published a study citing cancer as the number 1 cause of job related deaths amongst firefighters. Did you know that? Most people don't. This is why, in the same year that the study was released, a lone firefighter walked 140 miles across the State of Michigan in full gear to raise awareness to this issue.

The statistic hit home for a Macomb Township firefighter named Joe Warne who was aware of multiple brothers and sisters having passed due to cancer. He felt he needed to do something big to draw attention to the issue.

The first walk was grueling. Joe was admittedly unprepared for the challenges he'd face along the way. He set off that first morning with just the well wishes of his firehouse and family. Within the first hour, he had already been rained on, and soon found himself walking in soaking wet shoes. That night, after completing the first leg of his trek, he realized that the sole of his feet had worn off and were raw. Joe did not let this deter him. The next day he set off to complete his journey on bandaged feet knowing that what his fellow firefighter brothers and sisters had endured in their cancer battles was far worse. 3 days later, Joe arrived at the Cascade Township Fire Department in Ada, MI. He immediately resolved to repeat the journey next year, and with that, the annual Walk For The Red was born.

From its humble beginnings to now, the Walk For The Red has grown in size and scope. Realizing how big this one event could be, and the platform it could provide, Joe founded the nonprofit Neighbors United. Today, Neighbors United fundraises year round to provide financial assistance to local firefighters battling cancer, and the families of those who have fallen.

So why am I bringing all of this to your attention? Because I think that when there is a cause or issue that you feel passionate about, or connected to, it is important to become a champion of it. Not only do I admire Joe's passion and resolve, but having friends and family in the firefighting community, I felt compelled to help in whatever way I could.

And so, this year I decided to join my friend Joe in his 140 mile trek across the State of Michigan. With this, I will also be soliciting donations with a goal of raising at least \$6,000.

My home club, the Romeo Lions, has helped me kick off my fundraising efforts with my first monetary pledge. If you or your club would like to donate towards my goal checks can be made out to the Romeo Lions with Walk For The Red in the memo, or via Venmo

@JamieWalksForTheRed  **venmo**

Next month I plan to update everyone on my training as I prepare for this endeavor. Ultimately, aside from helping Neighbors United, I hope to inspire other Lions to do more and get involved in a cause that they are passionate about.
Be the change you hope to see in the World.

Tail Twister Looks To Upcoming Zone Meetings

As you may know we have a round of Zone meetings coming up. I would like to add a little fun to them. That being said, I would like EVERYONE attending to wear a HAT to the meeting. It could be a funny hat, it could be a collage hat, or it could be anything you can dream up. PLEASE REMEMBER we are in mixed company therefore we will keep it clean.... NO POLITICAL HATS PLEASE. If you happen to be wearing the correct hat you will not have to pay a fine. If you have any questions please do not call me LOL.

Mission 1.5 Full Steam Ahead to 2027

MEMBERSHIP! The dreaded 'M' word that many of us have heard more times than we can remember. Lions International has pushed membership on us for years, but always with good intentions as its importance to our organization is invaluable.

But now there's a new 'M' word in town. It's Mission 1.5! Hopefully you have at least heard the words over the last year. What exactly is Mission 1.5? This is Lions International's current campaign started by IPIP Patti Hill. Mission 1.5 is a goal to grow our total membership to 1.5 million by July 1, 2027. But this is much more than just an effort to increase our numbers because we are already the largest service and humanitarian organization in the world. This is an effort to grow in strength, increase our service, and build our leadership as well.

Our leadership believes if we can get to 1.5 million, then we will be able to help 1 billion people each year! Think about that number. How amazing it would be to aid that many people each year? This is why we must become an even stronger organization and grow.

Service is at the heart of each of us. It is the common bond we have with every Lion around the world. By growing our organization, we will have more feet on the ground, more hands to do the work, and more ideas on how to help. All of this leads to being there for more people when they call upon us to assist them. It means that our unofficial motto "Where there's a need, there's a Lion" will reach anyone who needs us. We can and will serve 1 billion people each year and beyond.

And we can't grow and expand our service without continued leadership. The more new members we have, the more new potential leaders we have! We know leadership is not for everyone. But it doesn't always mean stepping forward in the organization and moving up the ranks. It could mean taking on a new task in your club or possibly chairing an event, or even bringing a new idea or way of doing something differently. Leadership takes on many different roles, not just an office or position, although it would be great to have a long list of future presidents, governors, etc.

As you can see, Mission 1.5 is much more than it appears on the surface. Your GAT (Membership, Leadership, Service, Extension) team is here to assist you in each of these aspects. Please reach out to us, we want to help. We ask each of you to do your part and help achieve its' goal. This is not an individual effort. It will take all of us to work as a TEAM. Hellen Keller said, "alone we can do so little, together we can do so much". Let's work to retain our current members, strive to grow, provide orientation and guidance to the new ones, and increase our presence in our communities as our International President Fabricio has asked us to do and "Make Our Mark".

PDG Shawn

LEADING THE WAY

Leader Dogs for the Blind - Lions Newsletter

New Doors Have Opened

A GUIDE DOG STORY - KASSON W., NEW YORK

"I'm 37, I just lost my sight in 2020 just before the pandemic because I was attacked on the subway. I went from seeing to not, just in a day. I'm a people person, I'm a Leo, I used to bartend and I'm the life of the party. I have a close-knit family and I'm a protector. It's been a roller coaster since I lost my eyesight. During the beginning when it was also the start of the pandemic, I thought I would be able to see again, but the eye doctor told me I wouldn't be able to see again. At first, I didn't know there was life after being blind. I have a close-knit family and they tried to do everything for me, and I couldn't handle that. I needed to get past them doing everything which led me to feeling helpless. Then a new season began. It was rough in the beginning; I'm still getting through it... I'm still processing it, but sometimes I think maybe it was blessing because I'm doing things and experiencing things I normally wouldn't do. I feel like new doors have opened for me, everything feels right. I'm going with it and I'm not fighting against it. Leader Dogs for the Blind found me the best dog. I came to get Odyssey because I wanted to be heard. I motivate and inspire a lot of people and now I'm thinking about speaking and helping others."

The Road to Confidence

AN ORIENTATION & MOBILITY STORY - CAREY J., ILLINOIS

"This program has intensified my freedom and confidence. I needed to know to not be scared, and I'm not anymore. I have turned back since, and I have walked more in my town since returning from Leader Dogs for the Blind than I did when I was a child with vision. I've walked more routes, I've even gone to the store for other people, and I walk with confidence. I have never felt so free."

"HAVING MY LEADER DOG DOESN'T ONLY CHANGE THE WAY I SEE THE WORLD BUT CHANGES MY LIFE; I HAVE CONFIDENCE KNOWING THAT I'M NOT ALONE AND I'LL ALWAYS HAVE MY BEST FRIEND BY MY SIDE!"

More Information!

Lions Leadership and Graduate Institutes

There is a \$300 fee. This includes registration, course materials, two nights of lodging, and six meals. Arrival Friday morning, November 8, 2024. Registration between 10:30 and 11:30 followed by lunch.

Classes actively involve participants in the learning process and enable them to experience the concepts presented. The skills acquired can be used not only in Lions, but also at work and in everyday life.

When participants aren't in class, they make new friends, network, and exchange ideas from across the region.

Here's a sampling of classes:

| | |
|-------------------------------|---------------------|
| Team building | Conflict resolution |
| Managing change | Leadership |
| Presentation skills | Effective listening |
| Action plans and goal setting | |
